We would like to remind all parents and carers that any medication required during the school day must be handed in at the school office, where the appropriate permission and medical forms can be completed. This procedure helps us ensure that all medicines are stored safely and administered correctly.

Please note that this includes any travel sickness tablets that children may need to take before setting off on a school trip.

**WHAT'S
NEW?**

Christmas Jumper Donations

At Chancel, we always aim to support families in any way we can. Many of you will already know that we accept uniform donations throughout the year, and we have a clothes rail in the main entrance where parents and carers are welcome to help themselves. We understand that buying new uniform can be difficult for some families, and we are proud to offer this support.

As we approach our Christmas Jumper Day on Friday 5th December, we would like to extend this initiative to include Christmas jumpers. We don't want any child to feel left out, and we understand that not every family may have or be able to buy a Christmas jumper.

If you have any spare or outgrown Christmas jumpers at home, we would be very grateful for your donations. These will be added to our clothes rail and made available for other families to use.

Donations can be brought into school and taken to the main office. Thank you for helping us ensure every child can join in the festive fun!

Dance Club

Please note that there will be no Dance Club on Tuesday 25th November and Tuesday 9th December. These sessions are cancelled due to Parents' Evening and Movie Munch taking place on those dates.

Dance Club will return as normal the following weeks. Thank you for your understanding — we can't wait to see all our dancers back on the floor soon!

PTFA KS2 Movie Munch

We are delighted to share that the PTFA have organised a Movie Munch Evening for all KS2 children on Tuesday 9th December 2025. This festive after-school event will run from 3:30pm to 5:30pm, and all children will need to be collected at 5:30pm due to the dark nights.

Two Christmas films will be shown:

Year 3 & Year 4: That Christmas

Year 5 & Year 6: The Christmas Chronicles

The cost of the event is £5.00 per child, payable via ParentPay. This price includes a hotdog, drink and cake, making it a fun and tasty way to enjoy the festive season with friends!

Please note that bookings will not be accepted after Friday 5th December, so make sure to secure your child's place before the deadline.

We look forward to a cosy, Christmassy evening for all our KS2 children!

PTFA KS1 Tea With Santa

We are excited to announce our festive Tea with Santa event, taking place on Tuesday 2nd December 2025 from 3:30pm to 4:45pm. This magical after-school treat is open to all children attending Puffin Nursery, Reception, Year 1 and Year 2.

For just £5.00 per pupil, children will enjoy a delicious tea of fish fingers and chips plus cake, with a vegetarian option available. As always, Santa will be making a special visit to spend time with the children and share some festive cheer.

Please note that the closing date for bookings is Monday 24th November, and unfortunately we cannot accept any pupils after this date.

We look forward to a wonderful afternoon filled with excitement and Christmas magic!

Children In Need

Last Friday, we all came together to support Children in Need, and we are delighted to share that we raised an amazing **£656.40**! Thank you to everyone who contributed so generously.

Pupils were invited to wear a spotty item to school in return for a small donation, and the day was filled with fun activities. Children enjoyed taking part in races and games in the hall, tried their luck with our lucky dips, and had great fun guessing the number of sweets in the jar. There were also plenty of tasty cakes on sale, which proved very popular!

It was a wonderful day of kindness, enthusiasm and community spirit. A huge well done and thank you to our pupils, families and staff for helping to make the day such a success.

Book Fair

From Monday 24th November until Thursday 27th November, we will be holding a Book Fair after school. The fair will run from 3:30-4:45pm (3:30-5:30pm during Parents' Evenings). By supporting our fair, you make a difference by helping school earn free books for our library and classrooms. Books start from £2.99 and there will be hundreds of titles to choose from including exclusive titles that are not available to purchase anywhere else.

Payments can be made by mobile phone on the day of the fair by using an online payment

link. Please note, school is unable to accept cash or card reader machine payments.

The fair will be held in the hall and can be accessed via the main entrance. We look forward to seeing you there!

Safeguarding

Our most important role at Chancel is keeping the children safe and protecting them from potential harm. Safeguarding the children is everyone's responsibility and is best achieved through working in partnership as a school community.

The safeguarding staff at Chancel are:

- *Mrs Palmer - Designated Safeguarding Lead (DSL)*
- *Mrs Watson and Mr Newton- Deputy Designated Safeguarding Leads (DDSLs)*
- *Mr Sparkes- Safeguarding Governor*
-

If you are worried about a child's well-being or believe they may be at risk of harm, you should report this concern to school, either by personal visit, email or telephone. You can also contact:

- *Staffordshire Families Integrated Front Door (SFIFD) - 0300 111 8007*
- *Staffordshire Police - 101 or 999*

If you are contacted by staff about a safeguarding concern, please do not be offended. We are sure you would rather we take every precaution to ensure the children's safety. We are also here to support you, should you have any concerns or difficulties.

Family Rights Group

Our vision is a society in which children can thrive in their families, and have loving relationships to turn to throughout life.

Our mission is to ensure that the child welfare and family justice system supports children to live safely and thrive within their family, while strengthening the family and community ties of those children who cannot live at home.

We do this through advice and advocacy, pioneering family-led solutions, championing kinship care, and amplifying family voices.

If a parent is struggling, they may feel unsure about how to find help and support. Where children's services become involved, parents can feel worried about what this will mean for them and their child.

Our parents pages aim to help you find the information and advice you need.

What Parents & Educators Need to Know about AI-GENERATED VIDEOS

WHAT ARE THE RISKS?

DEEPIAKE ABUSE CONTENT

Shockingly, artificial intelligence is now being exploited to create child sexual abuse material (CSAM). These synthetic images and videos are a form of digital abuse, often generated by manipulating real children's photos, including ones shared innocently online. Worryingly, the Internet Watch Foundation (IWF) has identified a sharp rise in this disturbing trend. Whether real or AI-generated, this content causes lasting trauma – and its creation or possession remains a criminal offence under UK law.

BLURRED REALITY

Regular exposure to fake content can erode a child's trust in real-world evidence. If everything can be faked, they may begin to question genuine videos – including actual abuse or injustice. This is known as the 'liar's dividend', where real harm is dismissed as fake news. It can discourage victims from coming forward or speaking up.

USED FOR BULLYING

Deepfake technology is already being used by peers to create embarrassing or explicit clips of classmates. These videos can be edited to appear as though a child said or did something they never did. Once shared, they are almost impossible to delete completely. AI-generated bullying adds a new layer of harm that is deeply personal and difficult to prove.

EMOTIONAL MANIPULATION

AI-generated videos can be used to provoke strong emotions, including fear, anger or guilt. False footage of crying children, injured animals or burning buildings may be created purely for clicks, donations or political influence. Children may feel upset or powerless, unaware that what they are watching has been digitally invented to manipulate their reaction.

DISINFORMATION

AI-generated videos can spread fake news, making it harder for children to separate fact from fiction. False clips may include deepfake interviews, hoax disasters or fabricated health claims. AI is already being used to produce misleading or persuasive material that appears authentic. If they don't develop media literacy, children may accept false content as truth.

IMPERSONATION AND SCAMS

With just a few photos or voice clips, AI tools can imitate someone's appearance or speech. This makes it easier for scammers or bullies to create fake videos of children, teachers or celebrities. These impersonations can be used for fraud, harassment or humiliation – and can spread quickly through social media or group chats, due to the viral potential of video, in particular, on social media.

Advice for Parents & Educators

TEACH HOW IT WORKS

Explain to children that videos can be faked – and show them how. Demonstrating side-by-side examples of real vs AI-generated clips helps to build awareness. Discuss how faces, voices and even movements can be copied by machines. Understanding the technology reduces fear and builds confidence in navigating digital content safely.

TALK ABOUT TRUST

Always keep lines of communication open. If a child sees something upsetting or unbelievable, they should feel safe discussing it without judgement. Create an environment where they know they will not get in trouble for asking questions. This also helps you step in quickly if harmful content has been shared; trust is vital and needs to be nurtured.

ENCOURAGE CRITICAL QUESTIONS

Help children question what they watch. Who made this? Why was it made? Is it trying to persuade me? These habits encourage digital thinking, especially when videos seem too shocking or convenient. Reinforce that not everything shared by friends or influencers is true, even if it looks convincing at first, and that the initial approach should always be one of speculation.

STRENGTHEN PRIVACY SETTINGS

Advise children not to share voice notes, selfies or personal videos on public platforms. AI tools often scrape content from social media to create deepfakes. Use privacy controls to limit who can see their content and turn off facial recognition where possible. Fewer public images means fewer opportunities for misuse.

Kailash Satyarthi

Kailash Satyarthi is a children's rights activist from India who has spent his life working to make sure that all children can grow up safe, educated, and free. He has helped rescue thousands of children from dangerous work and supported families so their children can go to school instead.

He founded organisations that protect young people and teach communities about the importance of education, safety, and fairness. His bravery and compassion earned him the Nobel Peace Prize, which he shared with Malala Yousafzai.

Kailash shows us that being a global citizen means standing up for those who need help and believing that every child deserves a bright future.
