Manage Vaccinations In School

3rd March 2026

Dear parent /carer

We are writing to inform you of a change in the way we seek consent for the vaccinations your child receives at school.

The School Age Immunisation Service (SAIS), provided by Midlands Partnership University NHS Foundation Trust is adopting a new NHS England digital system called MAVIS (Manage Vaccinations in Schools).

MAVIS has already been introduced by a number of SAIS teams across the country and improves how vaccinations are recorded and managed in schools, providing a more accurate record of consent for school-aged children.

This reduces the possibility of vaccination errors being made, protects children and young people and improves the online consent experience for parents and carers.

What's changing

School vaccination sessions starting from 13th April 2026, the SAIS team will be contacting you directly to request consent for vaccinations, instead of this information being sent via the child's school. This new approach will make it quicker and easier for you to give or refuse consent for vaccinations.

Please note, if we do not receive parental or carer consent decision for the vaccination as outlined above, we may allow the young person in Year 9 and above to give self-consent to the vaccination on the day.

You can find more information about the [role of the SAIS team in supporting vaccinations](#) on GOV.UK.

All information is held securely on our systems in line with the Data Protection Act 2018 and Midlands Partnership University NHS Foundation Trust's policies and procedures. For any further information about how we use your data please see the Trust's [Privacy Notice](#) (mpft.nhs.uk).

If you have any questions, please contact the School Age Immunisation Service on the number or email address below:

We would like to let parents and carers know about our upcoming progress reports and opportunities to meet with your child's class teacher this term.

School Car Park

Dear Parents and Carers,

I hope this message finds you well.

I am writing to inform you of an important change regarding the use of the school car park. Following a recent review of our safeguarding and site safety procedures, we have made the decision to prohibit parent and carer use of the school car park, including breakfast and after school clubs.

This decision has not been taken lightly. Our primary responsibility is to ensure the safety and wellbeing of all pupils. Restricting access will improve overall site safety.

With effect from Monday 9th March 2026, the school car park will be reserved for staff and authorised visitors only. We kindly ask all other parents and carers to make alternative parking arrangements and to be mindful of parking considerately and legally in surrounding areas.

We appreciate that this change may cause some inconvenience; however, we are confident that it is a necessary step to maintain a safe environment for everyone in our school community. We thank you in advance for your understanding and cooperation.

If you have any questions or concerns, please do not hesitate to contact the school office.

Kind Regards
Mrs R Palmer

Changes to Lunch and BASC Prices

We would like to let parents and carers know about some upcoming changes to the cost of school lunches and our Before and After School Club (BASC) sessions.

Over the past few months, we have been reviewing the prices charged by other local schools, as well as the rising cost of food. After careful consideration, we have made the decision to adjust our prices from 1st April 2026.

School Lunches - To ensure we can continue providing nutritious, high-quality meals, the price of a school lunch will increase to £2.75 per meal.

We have aimed to keep our new price as affordable as possible while still covering increased costs.

Before and After School Club (BASC) - The rise in food and running costs has also affected our BASC provision. To continue offering a safe, welcoming environment for children before and after school, the fees will be updated as follows from 1st April 2026:

Morning session: £6.00

Half session (3:30–4:45pm): £6.00

Full session (3:30–5:45pm): £8.00

We remain committed to providing high-quality care and activities for all children who attend BASC.

Thank you for your understanding and continued support. If you have any questions, please contact the school office.

10 Top Tips for Parents and Educators

CREATIVE WAYS TO ENCOURAGE READING

Reading regularly has a life-long impact, yet recent data from the National Literacy Trust shows a decline in reading for pleasure among 8- to 18-year-olds, with just 32.7% enjoying it in 2025. Despite growing distractions, there are practical ways adults can spark a love of reading. This guide offers strategies and resources to help inspire young readers.

1 VALUE ALL READING

When we think about reading, it's very easy to picture a young person reading a fictional novel; however, reading is so much more than this. To help them understand, why not show them how to create a 24-hour reading diary? Jot down all reading and then discuss this with them. By doing this, you can demonstrate the many ways we turn to reading.

2 WIDEN THE SELECTION

Once we know reading can be varied, we need to think about the selection of reading material they can access. Visit a shop selling magazines, the library and a bookshop, and consider the range of material that is available within them. Then consider how you might broaden their reading choices, so all young people have access to a wide and varied selection.

3 GIFT A BOOK

One simple way to encourage reading is to make books feel special. Gifting a book adds value and shows it's something to be treasured. Whether it's as a reward or for a celebration like a birthday, let the young person choose a title or pick one you know they will enjoy. You could also include a personal note inside.

4 CONNECT WITH AUTHORS

Meeting authors can certainly spark an interest in their reading material. This might be through a live event in a school/bookshop or by using the wealth of online material that is now available. Encourage young people to look at ways to connect with authors using free resources such as Authorfy and Just Imagine's Children's Authors Live.

5 BUILD YOUR KNOWLEDGE

Access training about reading for pleasure to widen your understanding of this topic and, more importantly, how to develop it. Explore a wide range of free resources that can be found online. The more you know, the better placed you are to inspire a love of reading in others.

6 TALK BOOKS

There are times when we need silence to read and focus on our book; however, we know that reading is a social experience, so we must also factor in discussion time. Reading the same book gives two people a connection and the opportunity to voice their thoughts and questions about it. Why not buy two copies of a book and read it together? Start the connection.

7 RECOMMENDATIONS

As well as talking about the content of books, we can share what we are reading or have read recently. This can often act as a trigger for someone else to explore it. How often have you watched a film or series because someone else has recommended it? It's the same with books. If you know the young person well, you can tailor your recommendations and share why you think they'll enjoy it.

8 GO DIGITAL

With the rise in online digital material, we can easily focus on the negatives; however, it also brings a wealth of opportunities. Resources can aid and enhance the reading experience for young people. They can read along with audiobooks, translate, and track their reading goals with resources like Polylinio and apps like Goodreads for older children. Augmented reality books also bring books to life and offer a great way for engagement.

9 RECONNECT

There can come a time when a love of reading seems to disappear. It does not mean it's gone forever; it generally means they have lost the connection. How do we get it back? Find the next piece of reading material that sparks their current interests. The National Year of Reading focus of 'Go All In' captures this well as it is their key theme. As children grow and change, so do their interests. A visit to the local library is a great way to support the reconnection.

10 LEAD BY EXAMPLE

Let them see you reading. If you make time to read, you send a strong message to children: reading matters. Share why you enjoy it. Is it to relax, escape the world, learn something new or to be entertained? When children see reading as a normal and valued part of everyday life, they are more likely to adopt it themselves.

Bindi Irwin

Bindi Irwin is an Australian wildlife conservationist who is passionate about protecting animals and nature. She grew up at Australia Zoo, where her family cares for wildlife and teaches people about the natural world. From a young age, Bindi has helped look after animals and share her love of wildlife with others.

Bindi speaks to children and adults around the world about the importance of protecting habitats and caring for endangered species. Through television shows, books, and conservation projects, she encourages people to learn about animals and treat the Earth with respect.

Bindi Irwin reminds us that even small actions—like caring for wildlife and protecting nature—can help make our planet a better place for everyone.
