Height and Weight Checks

On Tuesday 20th October, children in Reception and Year 6 will take part in the National Child Measurement Programme (NCMP).

As part of the programme, trained health professionals will measure children's height and weight in a private and sensitive way. Children will remain fully clothed, apart from their coats and shoes.

The programme helps build a picture of how children are growing across England and helps health services plan support for children and families. Parents will receive their child's individual results directly following the check. Individual results are not shared with school staff or other pupils.

Further information has been sent directly to families in Reception and Year 6, including details about the programme, how information is used and how to opt out if you do not wish your child to take part.

If you have any questions or concerns, please refer to the information in the letter or contact the school office.

Elmore Park

Following our article last week, we have now received a link to a petition set up by Josh Newbury MP regarding the future of Pets Corner at Elmore Park.

Cannock Chase District Council has confirmed that the possible closure of Pets Corner is under active consideration, with a decision expected to be made by the Council's Cabinet in the coming months.

Josh Newbury MP has launched a petition calling on Councillor John Parkes, Cabinet Member at Cannock Chase District Council, to rule out the closure of Pets Corner.

If you and your family enjoy visiting Elmore Park and would like to show your support for keeping Pets Corner open, you can sign the petition here:

Secondary School Places 2027

A reminder to all parents and carers of children currently in Year 6 that the deadline for applying for a secondary school place for September 2027 is fast approaching.

The closing date is Saturday 31st October 2026.

Parents and carers must apply for a secondary school place through their home local authority. Please remember that children are not automatically allocated a secondary school place, even if they live in a school's catchment area, attend a feeder school or have a sibling at the school.

If you have not yet submitted your application, please make sure you do so before the deadline. Late applications may affect the outcome of your application.

For full information and to apply online, please visit:

Staffordshire County Council – Applying for Secondary or High School Places

National Offer Day is Monday 1st March 2027, when parents will be notified of their allocated school place.

The easiest way for parents to apply is online via:

What Parents & Carers Need to Know about ROBLOX

AGE RATING
PEGI
7

Roblox is one of the most popular video games on the market. By 2020, the game's makers were claiming that more than half of children in the USA play it. As a 'sandbox' title, Roblox offers a huge amount of creative freedom: it lets players create their own gaming experiences with the Roblox Studio to build custom levels and games, which can then be shared with other players online. Roblox fosters creative thinking and enjoys a robust online community of fans.

WHAT ARE THE RISKS?

CONTACT WITH STRANGERS

Roblox encourages players to communicate online (including a group chat facility). This could expose children to risks such as scammers, online predators, harassment, griefers and more. The in-game chat has some filters, but isn't perfect: players can still send harmful messages to others – such as general hostility – while predators can reach out to children directly.

PUBLIC SERVERS

Roblox has private or VIP servers which allow people to play exclusively with their friends, but this costs money. Most Roblox players will instead be on public servers that anyone can join. Servers can host games which focus on all kinds of aspects, including direct player interaction. Some games and servers, therefore, will put children more at risk of contact from strangers than others.

ONLINE DATERS

These are also called 'ODers' and are quite common in Roblox. An ODer is an individual who joins a game with the intention of finding someone to date online – and eventually meet in person. Such online dating is against the Roblox community guidelines, but this usually doesn't deter ODers. Some player-built Roblox game worlds have even been designed with online dating specifically in mind.

IN-APP PURCHASES

Roblox is actually free to download and play, but bear in mind that there are some hidden costs. Players are encouraged to make purchases in the game, for example, using real money. People can also buy extra Robux (the in-game currency) to spend on cosmetic items in the game, and some private or VIP servers also have a cost.

Advice for Parents & Carers

SET PARENTAL CONTROLS

Roblox comes with several parental control options, which are explained well on the game's official website. It's essential to enter the correct date of birth for your child, as that allows Roblox to automatically apply the appropriate chat filters. The game also allows parents and carers to set monthly spending restrictions and monitor their child's account.

DISABLE PRIVATE MESSAGING

Roblox's private messaging function raises the risk of children being contacted by people they may not want to speak with – potentially leading to bullying, harassment, toxicity and scam attempts. The game allows you to disable messages from anyone who hasn't been added as a friend on your child's account.

PRIVATE SERVERS

If your child has genuine friends who they play Roblox online with, paying for a private or VIP server decreases the risk of contact from strangers. Even then, however, some players could invite other people – who might not necessarily be child friendly – into the private server. If your child is a Roblox fan, it's important to talk with them regularly about who they are playing the game with.

MONITOR SPENDING

If they don't understand they're using real money, it's easy for children to accidentally spend a sizeable amount in the game. Using parental controls to place limits on their spending will help avoid any nasty financial surprises. Ensuring that you have two-factor authentication on your payment accounts also makes it harder for your child to spend money inadvertently.

DEALING WITH STRANGERS

At some point in their development, your child will need to learn how to deal with strangers online. Show them how to block and report any users who are upsetting them or asking uncomfortable questions. Talking to them about what's OK to discuss – and what they should never tell a stranger online – will help them understand how to communicate with others safely in the digital world.

Positive Global Citizen

What is a positive global citizen?

A positive global citizen is someone who actively contributes to making the world a better, more equitable, and sustainable place, recognising their role within the global community. This means being aware of global issues, respecting cultural differences, and taking responsible actions that benefit people and the planet.

Key qualities of a positive global citizen:

- **Awareness:** Understands global issues like poverty, climate change, human rights, and inequality.
- **Empathy and Respect:** Appreciates diverse cultures, beliefs, and perspectives.
- **Responsibility:** Recognises how personal choices (e.g., consumption, travel, communication) impact others globally.
- **Action-Oriented:** Engages in activities that support positive change—volunteering, ethical consumerism, advocacy, or education.
- **Collaboration:** Works with others, across borders and cultures, to solve shared problems.
- **Sustainability-Minded:** Supports practices and policies that protect the environment and promote long-term well-being for all.

Examples of positive global citizenship:

- Donating to or volunteering with organisations addressing global issues.
- Reducing carbon footprint and supporting sustainable brands.
- Speaking out against injustice or discrimination.
- Learning about and celebrating cultures different from your own.

Marcus Rashford

Marcus Rashford is not only a talented footballer who plays for Manchester United and England, but he is also a true hero off the pitch. He has used his voice and fame to help others – especially children.

Marcus grew up knowing what it was like to sometimes go without enough food, so he

decided to make a difference. He campaigned for free school meals and helped make sure that thousands of children across the UK didn't go hungry during the holidays.

He has also written books to inspire young people to believe in themselves and to show that kindness, courage, and determination can change lives.

Marcus reminds us that being a global citizen means using our talents and opportunities to help others, speak up for what's right, and make the world a fairer place.
